

## CPG 10% CHARITY APPEAL 2021

As previously announced in the CPG parish e-Newsletter and by the Clergy Team, CPG is once again having an **Appeal** this year to assist charities whose aim is to support the **Poorest of the Poor**.

The Appeal asks parishioners to have regard the total amount they spend on all the aspects of the Christmas celebration and to consider making a donation of 10% of that amount to the charities to be supported in this fundraising.

### Why this Appeal?

Many parishioners already give generously to numerous charities, including those specifically encouraged by the Church. In this Appeal we ask parishioners to share their attraction to smaller charities, which might not be so well known, so that by means of the Appeal we can widen support for those charities.

By choosing smaller charities it is hoped that the amount collected through this Appeal will have a greater impact. The intention is to support three charities, one operating locally, another operating nationally and a third operating internationally.

### Charities nominated by you

We are delighted to announce that a number of charities have been nominated by parishioners this year which have not featured in nominations made in previous years. A shortlist of nine charities has been made from the nominations and you will see details of them below.

### From nine to three

We would like to gauge the preferences of parishioners with regard to the shortlisted charities in order to arrive at three. To record your preference please email [tenpercent@cpg.church](mailto:tenpercent@cpg.church) **not later than noon on Monday 6 December** giving the designated letter of **three** of the charities - **one from each location category**.

### Final step

When the administrators of the CPG Charity Fund have determined which charities will benefit this year, full details of how to make donations to the Appeal will be published.

**Thank you very much for supporting this MISSION event.**
