

# Follow me

1. Draw round your foot, or make a foot print using paint.

2. Discuss:

## How can you follow Jesus?

*This week we read about the wheat grain dying so that it can grow into a new plant.*

Is there anything you need to let go of to follow Jesus more closely? Maybe arguing with your siblings, being ungrateful etc.

What fruit do you think there will be if you let go of these things. For example people being happier, you feeling more at peace or noticing God in the world more.

3. On the footprint write down "If a man serves me, he must follow me" (John 12: 26)

4. On the back of the footprint write down something that you would like to let "die" so you can follow Jesus more closely.

5. On the front of your footprint draw images to show what might happen (what the fruit will be) if you let go of the thing you have written on the back.

*You could the display this craft somewhere near where you keep shoes in your home.*
