

A Colourful Story

Remind yourself of Jesus' encounter with Leper.

Read Mark 1:40-45.

You'll need a piece of A4 paper.

Fold your paper that into thirds.

In the left third, imagine the man who was covered with leprosy. What colours would you use to represent the feelings of that man? Fill that portion of the paper with one or more colours.

You can use whatever you have available e.g. chalk, watercolours, colouring pencils, felt-tip pens, paint, etc.

In the middle third of the paper, imagine the feelings Jesus may have experienced as he saw the man with leprosy. Use one or more colours to represent that.

In the right third of the paper, choose colours that represent how the man may have felt after he was healed from the leprosy.
