

Sharing God's Love

Opening Prayer:

God, thank-you for the greatest gift of all, your love. Help us to share this love with others. Amen

1. Cut out 15 hearts

2. Discuss:

How can you share the love that God has given you?

3. On each of the hearts write down different ways you could show love to the people around you, they could be specific e.g. "phone Nanny" or more general "be the first one to say sorry"

4. Each choose one heart and then try to share God's love in this way over the next few days.

5. Once you have found a chance to share God's love in this way, you could **put the heart up on a wall or on your fridge** to help remind you of ways you can share God's love.

This could be something you discuss at meals times this week, thinking about whether there are other hearts you could add to your collection – other ways you have shared God's love.
