

# Sharing what we have

In this week's gospel, 5 loaves and 2 fish are transformed into enough to feed the whole crowd who had come to see Jesus.

Create a fish for everyone in your family using the instructions from one of these videos – click on the photo, to be taken to the video (alternatively draw a fish on a piece of paper and cut it out).

## Discuss:

- *What does our world need?*
- *What are people, who I know, “hungry” for? For example friendship, God, food, fairness, joy.*
- *What small things can I do or give to help “feed” people? For example time to listen, time to play, taking food to the foodbank, giving toys to a friend, signing a petition.*
- *How might these actions bring people together like Jesus did rather than send them away like the disciples wanted to initially?*

After discussing your ideas, everyone in the family can write down something you are going to give or do, in the mouth of your fish.
